They are not obliged to join the sessions on Tuesday and Thursday, it is an extra service for students who appreciate the personal guidance of a trained professional.

More details about the course > you primarily work on your own active skills, writing and speaking. The clear Anglia step by step structure will help you to better convey your thoughts. In addition, we have incorporated the latest Artificial Intelligence technology, offering an extensive report on your writing skills. We also offer recording options, so that you can individually practise your pronunciation, via Sound Bites en Balance Boosters. Over the past year, hundreds of international students from Japan, Indonesia, Turkey, Ukraine and the Netherlands have been working with these new systems and their feedback is very positive.

One of the most popular parts of the Platform is the Break Out Room, where you can talk in small groups, guided by a trained Moderator, at your own level, with international fellow students from various countries around the world.
